PROFILE

Medical Facilities Corporation (“MFC”), in partnership with physicians, owns surgical facilities in the United States. MFC’s portfolio includes controlling interest in five specialty surgical hospitals located in Arkansas, Indiana, Oklahoma and South Dakota, and an ambulatory surgery center located in California. In addition, through a partnership with NueHealth LLC, MFC owns controlling interest in seven ambulatory surgery centers. The specialty surgical hospitals offer a range of high volume, non-emergency surgical, imaging, diagnostic, and pain management procedures, and other ancillary services such as urgent care and occupational health. The ambulatory surgery centers specialize in outpatient surgical procedures, with patient stays of less than 24 hours. MFC is structured so that a majority of its free cash flow from operations is distributed to the holders of its common shares in the form of dividends.
